

## Position Opening Maintenance Technician

Illinois River Energy's Ethanol Plant in Rochelle, Illinois, has an immediate opening for a Maintenance Technician. The Maintenance Technician will be responsible for routine maintenance and emergency repairs performed to ensure that the plant operates reliably and efficiently.

**To qualify for this position the successful candidate must have:**

Minimum two years experience in a manufacturing facility, in a technical capacity with a process equipment manufacturer, or on process equipment construction projects

Minimum high school diploma or GED

Proficiency with Microsoft Office products (Word, Excel, Outlook)

**Qualifications preferred:**

Strong preference for previous maintenance experience as a mechanic, welder, electrician, or instrumentation technician in a production environment

Bachelors or Associates Degree in a related technical field from college and/or trade school degree or certification(s) in mechanical, electrical, or instrumentation field(s) preferred

Proficiency with Microsoft Office products (Word, Excel, Outlook)
