

Position Opening

Shipping and Receiving Supervisor/Grains

Illinois River Energy has an immediate opening for a Shipping and Receiving Supervisor. The Shipping/Receiving Supervisor is responsible for leading a team of Shipping/Receiving Operators in performing the manual tasks and operating the equipment associated with the safe, reliable, efficient, and high throughput receipt of feed stocks into and shipment of products out of the IRE dry-mill ethanol refinery. The Shipping/Receiving Supervisor is a working team lead with a mix of individual contributor and supervisory duties. A successful candidate for this position must possess the skills and competencies of a Shipping/Receiving Operator, as well as the leadership and management skills necessary to lead a small, cohesive team. Administratively, the Shipping/Receiving Supervisor reports to the Commercial Logistics Supervisor with dotted line reporting to the IRE Plant Manager.

To qualify for this position the successful candidate **must have** the following qualifications:

- Minimum high school diploma or GED.
- Must be capable of learning to effectively work with the computerized plant shipment/receipt accounting system.
- Some specialized training in truck, rail, or container logistics operations.

Qualifications Preferred:

- Some college-level and/or trade school training
- Proficiency with Microsoft Office products (Word, Excel, Outlook).

To apply for this position, please visit the Illinois River Energy Website at www.illinoisriverenergy.com/employment for an application form, or you may request an application from The Office of Human Resources. Position is open until filled. Please submit completed application to:
